Facilities Manager's Report

Strip light in corridor will be replaced in the future as the whole fixture needs replacing.

Question was raised if it would be possible to get a bigger bolt lock on the front door, Billy to look into this.

The wooden benches that have recently been delivered, can these please be returned to the back room after use and not left in the hall. More storage space is being requested by the user groups so we propose to ask them if they can first tidy out their cupboards of any old materials. The heating had been turned off during the summer but it's now all on again, suggestion to look at getting better controls in the main hall that could alter the temp for each user group. One of the hot water taps had been left running in the over the weekend so its suggested if it would be possible to get push button taps in the toilets.
